

Virtual Scheduling Series

The Virtual Scheduling Series provides Campus Passport districts with knowledge of how Infinite Campus tools can be utilized to complete a master schedule. The combination of on-demand training, scheduling seminars, hands-on practice and district time with a trainer creates a flexible and well-rounded learning experience for staff.

ON-DEMAND TRAINING

Districts will utilize the Virtual Scheduling Series Parts 1-4 and Elementary Scheduling courses to learn how the scheduling tools in Infinite Campus work.

SCHEDULING SEMINARS

Districts can join pre-scheduled live scheduling seminars for a combination of direct instruction along with Q&A. Live seminars run January-May 2025.

Register for the Virtual Scheduling Series

- 1 **LOG IN TO THE SUPPORT PORTAL**
<https://tinyurl.com/SupportPortal1>
- 2 **CREATE A NEW TRAINING REQUEST CASE**
Subject line: Scheduling Series
- 3 **YOU WILL BE CONTACTED BY INFINITE CAMPUS TRAINING**
- 4 **SUBMIT CASES BY APRIL 1**

Please note: The Virtual Scheduling Series is designed to train districts on how the scheduling tools in Infinite Campus can be utilized for the purpose of completing a master schedule. While possible, it is not the expectation that all master schedules will be completed by the end of the Virtual Scheduling Series. Infinite Campus Training Specialists will focus on training the functionality of how the scheduling tools work and offer recommendations based on experience but are not expected to be master schedulers themselves.

HANDS-ON PRACTICE

Districts are expected to have staff complete hands-on practice between each part of scheduling, with the most up-to-date data between all scheduling components.

TIME WITH A TRAINER

- **Consult:** 30 minutes to discuss your scheduling setup and the scheduling series system admin
- **Calendar Roll Forward:** one hour with a trainer to review calendar roll forward after on-Demand training (part 1) is complete
- **Trainer Office Hours:** districts can schedule up to two hours of live virtual meetings through scheduling office hours with a training specialist assigned to help answer questions.
